

MISSIONAL PRAYER, cont.

accepted Christ a few months ago. Because the family is Muslim, he has not yet been able to share his new-found faith with his wife. He shows amazing spiritual growth as he secretly reads his Arabic Bible at night. Pray that his wife would see the change in him and would start asking what has made him different. Pray also that the Couffies would stay strong and encouraged as they reach out to these Muslim families who have lost everything and have lost all hope.

Pam Fulton (USA)

Pam reports that her daughter's family, as well as Pam herself, have all battled viral spinal meningitis over the last couple of weeks. All have recovered well. Pam had a terrible headache and low-grade fever for 48 hours but is over the virus. Please pray for continued health for Pam and for fruitful ministry as she uses her unique gifts to encourage single female missionaries serving with Youth for Christ throughout the world.

Jim and Dawn Anderson (Guinea, West Africa)

Jim and Dawn have finally made it back to

their village after several weeks of waiting for their shipment to arrive in the capital city of Conakry. The container is a big shipping container that transports supplies for many different families serving in the area. They hired a truck and have arrived in their village to continue their ministry after several months in the US. Pray that they settle back in quickly.

Jesus then said to His disciples, "The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into His harvest." Matthew 9:37-38
