

MISSIONAL PRAYER, CONT.

Pam Fulton (USA)

Pray for Pam as she prepares for a trip to Europe to care for several missionaries throughout Europe. She will return to the US on December 5. Pray for safety and that she would be used to encourage everyone that she comes in contact with. If you know Pam, you know that this will not be hard for her!

Jesus then said to His disciples, "The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into His harvest." Matthew 9:37-38

Update Your Contact Info!

People move, and emails and phone numbers change, it's just a fact of life. As a church family, we would like the opportunity to provide you with important and timely notifications. In order to do this, we need current contact information. For the next couple of Sundays, we will be asking everyone to update their contact information, including picture ID. We will take a few minutes during service or if you need assistance, visit one of the stations set up in the atrium. Thank you for helping us help you!

Me to We (2) Family Dinners

We had such an overwhelming response to shared meals during our "Me to We" series, we are doing it again! Once more, FMC families are opening their homes and you are invited. Some Family Dinners will be open to kids while others are adults only. Sign up in the atrium.

MISSIONAL PRAYER

Rick and Madara Dugan (Latvia)

Rick recently participated in the Global Leadership Network meetings of World Partners of the Missionary Church Denomination. World Partners has staff or national Missionary Churches in 50 countries and an indirect presence in an additional 81 countries. Disciple multiplication is happening in most of these places with at least 40 movements that are multiplying disciples, leaders and new churches. Pray for Rick as he leads these partners in discipleship efforts around the world.

Jim and Dawn Anderson (Guinea West Africa) While still in the US, on October 7, Jim slipped and fell down the stairs to the basement and fractured his ankle and possibly tore ligaments in his knee. They were scheduled to fly out later that same week but have had to postpone for possibly up to seven weeks. Please pray for Jim as he goes through physical therapy.
